3 ready-to-post group messages

Message 1 — Renters (need something short-term)

Best for: expat groups, student groups, event/planning threads, “moving to Budapest” chats

Angle: Post a Request if you can’t find it in search

English

Hi everyone — I’ve been using a new Budapest-only site called Rhentify when I need gear for a few days instead of buying.

You can browse tools, electronics, bikes/scooters, spaces, clothes/apparel, pet gear, or hire people under Services (photographers, cleaners, tutors, etc.).

What I like: no platform fee, you message in the app, agree price/dates/deposit, then book. If you can’t find something, use Request — post what you need for 12–24h and nearby owners can reply.

<https://rhentify.com>

If you try it, start with Search or Request on the menu. Happy to answer questions.

Magyar

Sziasztok — egy új, csak Budapestre fókuszáló oldalt használok (Rhentify), amikor pár napra kell valami, de nem akarok megvenni.

Lehet böngészni: szerszám, elektronika, rollerek/biciklik, helyiségek, ruhák/outfit, állatos felszerelés, vagy Szolgáltatások (fotós, takarító, magántanár stb.).

Nincs platformdíj, az alkalmazásban egyeztek árban/időben/kaucióban, aztán foglalasz. Ha nincs megfelelő hirdetés: Kérés — 12–24 órára felteszed, mit keresel, és a közeli tulajdonosok válaszolhatnak.

<https://rhentify.com>

Kezdés: Böngészés vagy Kérés a menüben. Szívesen válaszolok kérdésekre.

Message 2 — Owners (earn from what you already own)

Best for: DIY/barkács groups, photographer side-hustle groups, bike/scooter communities, freelancer HU/EN groups

Angle: List in minutes, no platform fee

English

Quick share for Budapest — I listed a few things on Rhentify, a local marketplace to rent out gear, spaces, or offer services by the hour (photography, handyman, cleaning, etc.).

Categories live now: Tools & DIY, Electronics, Home & Living, Spaces, Services, Scooter & Bikes, Pet Lovers, Socials (clothes/shoes/apparel for events), and Other.

No platform fee at the moment — you set your price, chat with the renter, agree deposit (cash or item), then hand over. Takes a few minutes to post with photos.

If you have idle stuff (drill, projector, e-scooter, studio corner...) or a skill people book hourly, worth a try: <https://rhentify.com/listings/new>

Also check Request — renters post what they need; you can reply with your listing.

Magyar

Budapestieknek — felraktam pár dolgot a Rhentify-ra: helyi piactér bérbe adásra (felszerelés, hely) vagy órás szolgáltatásra (fotó, szerelés, takarítás stb.).

Kategóriák: Szerszámok, Elektronika, Otthon, Helyiségek, Szolgáltatások, Rollerek/biciklik, Állatbarát, Socialok (ruha/cipő eseményre), Egyéb.

Jelenleg nincs platformdíj — te adsz árat, üzenetben egyeztek, kaució (kp. vagy tárgy), aztán átadás. Pár perc fotókkal.

Ha áll felesleges eszköz (fúró, projektor, e-roller, sarok...) vagy órás munkád van: <https://rhentify.com/listings/new>

Nézd a Kérés menüt is — bérlők leírják, mit keresnek; te válaszolhatsz a saját hirdetéseddel.

Message 3 — “Can’t find it?” / Request hook (demand pull)

Best for: general Budapest groups, weekend plans, party/event threads, last-minute needs

Angle: 12–24h request posts pull owners to you

English

Does anyone know where to rent (not buy) something in Budapest for a day or two — drill, camera, suit, projector, bike, etc.?

I’ve been using Rhentify — you can browse listings or post a Request (“I need X, budget Y, pickup/delivery, deposit OK”) that stays live 12 or 24 hours. Owners nearby see it and message you.

Handy when Facebook Marketplace is only sell/buy. Local to Budapest, no platform fee, chat + book in one place: <https://rhentify.com/feed>

Example categories: tools, electronics, spaces, services, apparel for events, pets.

Magyar

Tud valaki bérleti lehetőséget BP-n 1–2 napra — fúró, kamera, öltöny, projektor, bicikli... (vásárlás helyett)?

A Rhentify-n lehet böngészni, vagy Kérést írni: „X kell, kb. Y budget, átvétel/szállítás, kaució rendben” — 12 vagy 24 óráig látszik, a közeli tulajdonosok írhatnak.

Hasznos, ha a Marketplace főleg eladás. Budapest, nincs platformdíj, üzenet + foglalás: <https://rhentify.com/feed>

Posting tips (avoid getting banned)

- 1. Read group rules — some ban links; ask mods or post “link in comments.”
- 2. One group per day for the same message — vary the opening line.
- 3. Reply to comments yourself for 24h after posting (boosts trust).
- 4. Screenshot 2–3 real listings or a Request when asked — not a logo-only pitch.
- 5. Don’t claim “thousands of listings” — say “growing local marketplace in Budapest.”

Comment when someone asks “where to rent X in BP?”

You can try Rhentify (local, message + book in app) or post a Request for 24h — rhentify.com/feed

Honest lines to use (build trust)

- “Early Budapest launch — growing listing base.”
 - “No platform fee right now; agree payment terms in chat.”
 - “Meet in public for handover; see our safety tips on the site.”
 - “Hungarian and English UI available.”
-

What not to do in month 1

- National press / big influencer spend
 - Fake “thousands of users” claims
 - Spamming the same post in 20 groups same day
 - Paid ads before you have listings to land on
